WEEKLY NEWS BULLETIN - WEEK COMMENCING 1st March 2010

Newsletter: I would draw your attention to the incorrect date of the AGM stated on page 5 of the recently delivered Newsletter. The date is, of course **31st March 2010**.

Earth Science Group Guest Lectures: Tuesday 1.30pm at the St John HQ
9th March : Dr Kevin Horsburgh from the Proudman Oceanic Laboratory in Liverpool " Sea Level Change- What do we really know?"

16th March: Dr Ian Stimpson of Keele University "Earthquakes: Haiti Why did it happen?"

These will be open meetings, guests will be welcome. There will be a charge of £1.50 to cover the speakers travelling expenses and the usual 50p meeting fee for U3A.

A company named Welcome Days Out. Have approached us looking for volunteers to be Guides on their coach trips, the Guides would be trained and paid, a letter explaining this has been sent to our secretary. Would any member be interested? The trips would be 'local' North, West Midlands and North Wales and only day trips. They cater for WI; TWG; U3A and Probus clubs. The work would be part time possibly 2 or 3 days a week, during the summer months. In the first instance, I suggest you contact me at the above e-mail or telephone and I will pass on any relevant information.

Possible New Group. Is there any interest in a **Tennis Group?** The Sports Hall at Congleton High School may be a possible venue. Interested parties, please put your name on the sheet pinned on the notice board.

Wish You were Here:
